DETAILED ACTION

Allowable Subject Matter

1. Claims 1-34 and 36-40 (now renumbered as 1-39, respectively) are allowed.
2. The following is an examiner's statement of reasons for allowance: The invention as claimed is not disclosed nor rendered obvious in view of the prior art of record. As to independent claims 1, 13, 24, 30, 36, 37, 38, 39, and 40, the prior art of record fails to teach or suggest, alone or in combination, the recited network, manager, or method in which a network object including components is associated with a plurality of local objects, identifying which local objects are associated with the network object, and invoking local configuration modules coordinated from a network management configuration module associated with said local objects to configure said network object, nor providing a network management server or network management configuration module and separate local means or separate instance configuration of the first and second object types. No prior art was found that discloses or teaches the limitations of claims 1, 13, 24, 30, 36, 37, 38, 39, and 40.
3. Claims 2-12, 14-23, 25-29, and 31-34 are dependent upon claims 1, 13, 24, and 30, respectively, therefore, claims 2-12, 14-23, 25-29, and 31-34 are allowed.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
